

### Social Secret:

If a friend or classmate draws you a picture and gives it to you, it is not appropriate to throw it away, even if you said “thank you”. Instead....

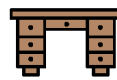

1. Look at the picture

2. Say “thank you” with a smile (even if you do not like the drawing)

3. Put it in your backpack or desk.

You can throw it away later, but not in front of the person who gave it to you.
