

NAME: _____

CHANGE - Think about It

C

Think about what you just learned about CHANGE. Some changes we know are coming. These are called **Expected** changes. **Expected** changes are easier because we know they are coming. We can get ready for the change. Some changes we do *not* know about. They are surprises. these are called **UNexpected** changes. **UNexpected** changes are harder because we did not know they were coming. We are not ready.
