

If-Then Planning Bubbles

My mental image:

My self-talk....

IF ... THEN...

How should things look
at the end?

What do I need to
make this happen?

*What does my finished assignment/project look like?
What does it look like when I am done with my work?
How do I want this to turn out?*

*What materials or things do I need?
Who do I need to help me?
What steps should I take? Where should I start?*
