Suitcase Send-Off!

Prep: Cut out each square. Tape the label on the left hand side of this paper to the front of a gallon-size storage bag to label your game. Laminate the Directions card and insert into the storage bag with your game pieces and tins.

Executive Function Skill Target:
• Working memory including visual & auditory modes of up to 4 pieces of information

2-4 players
Ages: 6-12
Play time: 15-25 minutes

Game Instructions:

Suitcase Send-Off!

Objective of the Game: Players must pack each season’s suitcase with 4 clothing items – a top, bottom, shoes, and an accessory. This is non-competitive game, without a clearly defined winner/loser.

Learning Target: Players will be able to retain and recall up to 4 pieces of information in their working memory.

Game Set-Up: (Prior to play – cut out and laminate all game materials)
1. Place the 4 season suitcases in front of all players.
2. Choose 1 clothing item for each season to place inside each suitcase tin. The clothing items should be different for each season. (Ex: a top for the Fall suitcase, a shoe card for the Winter suitcase, etc.) **Players should carefully watch you put the card in each tin.** Ask them to recall and tell what is in each tin.
3. Shuffle clothing cards from all seasons into one pile and place in front of players.

On a Player’s Turn: One player draws a card from the pile. The player should decide which season’s suitcase it corresponds with. Then, the player must recall and tell which clothing items are already in the closed suitcase. Then, if the clothing item is needed to complete the outfit, the player places the card in the suitcase. If the clothing item is already in the suitcase, place the card in the discard pile.

Ending the Game: Game is finished when all 4 clothing items are in each corresponding season’s suitcase.
